

Dear participants of the 7th Hellenic Conference on Polymers (Ioannina Sept. 28- Oct.1),

Due to time-limitations we had to turn several excellent oral contributions to posters. However, to emphasize the importance of the latter we sponsor an award for the best poster presentation by young investigators. The award committee (D.N. Theodorou (chair), N. Hadjichristidis, G. Fytas) are solely responsible for the selection.

I would also like to remind you that the conference fee (to be paid at the conference desk up on arrival) includes a small welcome party on Sunday Sept. 28, the program, the book of abstracts, (5) coffee breaks, some "wine and cheese" at the two poster sessions as well as the conference dinner.

In case of any cancellation please let us know as soon as possible by replying to this e-mail (gfloudas@cc.uoi.gr) and to polyconf7@cc.uoi.gr.

We look forward to welcome you at Ioannina and to many lively discussions!

Sincerely yours,
G. Floudas
